SUMMARY

MERN Stack Developer and AI Engineer, transitioning from AI data operations into full-stack, AI-integrated product development.

SKILLS

Languages : Python, JavaScript (ES6), HTML5, CSS3

Web Stack : React.js, Tailwind CSS, Vite, Node.js, Express.js, MongoDB, Mongoose, JWT, REST APIs

AI & Data : Google Gemini API, LLM Evaluation, Prompt Evaluation, Data QA

Tools : Git, GitHub, Postman, VS Code, Vercel, Render

PROJECTS

AI Portfolio Website (MERN + Gemini AI)

- Built a responsive portfolio (React, Node.js, Express.js, MongoDB) with a Gemini-powered AI chatbot handling 200+ visitor queries/month
- Implemented JWT-based admin auth, REST APIs, and a testimonial approval workflow; deployed on Vercel/Render with 99%+ uptime

Financial Fraud Detection System

- Built an ML solution to identify fraudulent transactions using Python; achieved 92% classification accuracy on test data
- Engineered features and tuned models to reduce false positives by 15% versus baseline

AI Interview Platform (Currently Building)

- Building a MERN-based interview prep platform using LLMs to generate dynamic questions and personalized feedback

EXPERIENCE

Kriya NextWealth Pvt. Ltd.

Mar 2026 – Present

Process Associate (AI Data Operations)

Bengaluru, Karnataka

- Annotated and validated 500+ AI training samples/day, improving labeling accuracy by 10%
- Performed QA on AI-generated outputs under strict productivity and accuracy targets

OLA Krutrim

Mar 2025 – Jul 2025

AI Language Expert

Bengaluru, Karnataka

- Evaluated AI-generated responses for language quality, relevance, and correctness across 1000+ prompts
- Annotated multilingual datasets used for Large Language Model (LLM) training

Intel Corporation

4 Months

AI Trainee – Future Workforce Program

Campus Program

- Prepared datasets for AI/ML projects using Python, NumPy, Scikit-learn, and Jupyter Notebook

EDUCATION

Chandigarh University

2025 – Present

Master of Computer Applications (MCA)

Distance Learning

Chandigarh University

2022 – 2025

Bachelor of Computer Applications (BCA)

- Coursework**: Data Structures, DBMS, OOP, Software Engineering
