SUMMARY

AI Data Operations Specialist and MERN Stack Developer skilled in Python, JavaScript, React, Node.js, MongoDB, and AI integration. Experienced in LLM evaluation, data annotation, and quality assurance, with hands-on web development and machine learning projects.

TECHNICAL SKILLS

Programming	Python, JavaScript (ES6), HTML5, CSS3
Web Stack	React.js, Tailwind CSS, Vite, Node.js, Express.js, REST APIs, JWT
Databases	MongoDB, Mongoose, SQL
AI / ML	Google Gemini API, LLM Integration and Evaluation, Prompt Evaluation, NumPy, Scikit-learn, Data Preprocessing, Feature Engineering
Tools	Git, GitHub, Postman, VS Code, Jupyter Notebook, Vercel, Render, CI/CD
Data Operations	Data Annotation, Dataset Preparation, Data Validation, Data QA, Error Identification, Linguistic Analysis, Language Quality Assessment, SLA Compliance
Languages	Hindi, English

PROJECTS

AI Portfolio Website *React, Node.js, MongoDB, Gemini AI*

- Built a responsive portfolio with a Gemini-powered chatbot handling 200+ visitor queries per month.
- Implemented JWT-based admin authentication, REST APIs, and testimonial approval workflow; deployed on Vercel and Render.

Financial Fraud Detection System *Intel Future Workforce Program*

- Developed a Python and Scikit-learn model to detect fraudulent transactions, achieving 92% classification accuracy.
- Engineered features and tuned models to reduce false positives by 15%; practiced dataset preparation using NumPy and Jupyter Notebook.

AI Interview Platform *MERN Stack, LLMs*

- Developing an interview preparation platform with AI-generated questions and personalized feedback.

EXPERIENCE

Kriya NextWealth Pvt. Ltd. **Mar 2026 – Aug 2026**
Process Associate (AI Data Operations) *Bengaluru, Karnataka*

- Annotated and validated 500+ AI training samples daily, improving labeling accuracy by 10%.
- Performed quality assurance on AI-generated outputs while meeting productivity and accuracy targets.

OLA Krutrim **Mar 2025 – Jul 2025**
AI Language Expert *Bengaluru, Karnataka*

- Evaluated 1,000+ AI-generated prompts for language quality, relevance, and correctness.
- Annotated multilingual LLM training datasets and performed structured linguistic evaluation.

EDUCATION

Chandigarh University **2022 – 2025**
Bachelor of Computer Applications (BCA)
Coursework: Data Structures, DBMS, OOP, Software Engineering

CERTIFICATIONS

- **Intel Future Workforce Program Certificate** View Certificate
